Introduction	1
Research Methodology	1
Definitions	1
Abbreviations	2
Report Summary	3
Market Background	3
The UK Economy	3
Population, Households and Car Ownership	3
Car Demand and Parc Trends	4
Market Size and Trends	5
Labour and Parts Expenditure	5
Fleet and Retail Segmentation	5
Road Vehicle Testing Scheme (MOT)	6
Market Factors	6
Service Intervals and Service Times	7
Reduced Service Content and Service Times	7
Labour Rate Trends	7
Annual Mileage	7
The Supply Structure	8
Number of Outlets	8
Independent Garage Workshops	8
Franchised Dealers	8
Dealer Group Concentration	9
Manufacturer Fast-fit Programmes	10
Market Penetration	11
Block Exemption and Service Competition	11
The Future and Conclusions	12
Market Size	12
The Supply Structure	12
Block Exemption and Car Servicing	13
MARKET BACKGROUND	14
The UK Economy	14
Growth in Consumer Expenditure	15
Future Economic Prospects	16
The Impact of Higher Oil Prices	16
Car Ownership Trends	17
Households and Car Ownership	17
Licence Holding	19
Demand for New Cars in the UK	20
New Car Registrations	20
Size of the Car Parc	22
The Company Car Parc	22
Structure of the Car Parc	23
Scrappage Rates and Car Parc Age	23
Car Parc by Manufacturer	25
The Mechanical Service and Repair Market	31
Market Size and Trends	31
Car Service Market	37

Car Repair Market.....	40
Retail Service and Repair	43
Fleet Service and Repair	46
Labour and Parts Expenditure	49
Labour and Parts Prices.....	51
Service Times and Sold Labour Hours.....	52
Factors Influencing the Market.....	53
Service Intervals.....	53
Reduced Service Content	54
Annual Mileage.....	54
Technical Sophistication.....	55
Warranties and Retained Servicing.....	55
Service and Repair Labour Rates	56
Road Vehicle Testing Scheme (MOT).....	57
Block Exemption and Competition Legislation.....	58
Servicing and New Car Warranties	59
The Service and Repair Supply Structure.....	63
Number of Outlets.....	63
Independent Garage Workshops and Garage Chains.....	64
Branded Independent Workshops.....	65
Franchised Dealers.....	66
Authorised Repairers.....	68
Franchised Networks.....	69
Manufacturer Fast-fit Programmes.....	71
Manufacturer Service Contracts.....	72
Franchised Dealer and Independent Garage Comparisons	73
Structure.....	73
Average Size and Capacity	73
Types of Activity	74
Main Sources of Work.....	74
Providers of Repair Work	75
Charge-out Rates	76
Service Times and Service Costs	76
Service and Repair Profitability	76
Sales and Parts Turnover.....	77
Usage of OE and Non-OE Replacement Parts	77
Solus or All Makes.....	78
Awareness of Authorised Status - Independents	78
Awareness of Authorised Status – Franchised Dealers	79
Fast-Fit Chains.....	79
Market Penetration.....	80
Franchised Dealer Service Retention.....	81
Service Cost Comparisons.....	87
Strategic Outlook and Recommendations.....	91
The Service and Repair Market - Opportunities and Threats	91
Supplier SWOT Analyses	94
Franchised Dealers	94
Independent Garages.....	101
Fast-fit Chains	105
Autocentres	107

Main Strategic Considerations	110
Franchised Dealers - Develop cost competitive service and repair operations.....	110
Independent Garages - Compete as approved repair centres	112
The Future and Conclusions	115
Market Background	115
The UK Economy	115
Demographics and Car Ownership	115
Market Size and Trends.....	116
Market Factors	116
Registrations and Parc Trends.....	116
The Service and Repair Market.....	117
The Supply Structure	119
Block Exemption and Car Servicing	120
Franchised Dealer Networks	120
Independent Garages.....	123
Fast-Fit Chains	124
Non-franchised Garage Chains and Autocentres.....	125
