CONTENTS

	Page No.
Section 1 – Preface	1
About Trend Tracker Limited	1
Combined Report	1
Synovate Motoring Omnibus (Omnicar)	2
Other Data Suppliers	3
Copyright Warning	3
Section 2 – Introduction to Castrol Professional	5
Section 3 – Executive Summary	11
Section 4 – Market Background	13
The UK Economy	13
• From liquidity crisis to credit crunch	13
• The threat of stagflation	13
• Economic trends	14
• Increasing customer indebtedness	15
Car Ownership Trends	15
• Households and car ownership	15
• Driving licence holding	17
Demand for New Cars in the UK	17
• New car registrations	17
• Scrappage rates	18
• Size of the car parc	19
Factors Influencing the Market	20
• Complex influences	21
• Annual mileage	22
• Technical sophistication	23
• Improving build quality	23
• Service intervals	24
• Reduced service content	25
• Warranties and retained servicing	25
• Service and repair labour rates	26

Section 4 – Market Background – cont . . .

The Legislative Environment	26
• Block Exemption Regulation 1400/2002	27
• Outcomes of BER reform	28
• Effect of BER on the UK light vehicle service market	30
• Statutory garage regulation versus self-regulation	31
• MOT test regulation reform	33

Section 5 – Market Size and Trends 37

Market Sizing	37
Market Size and Trends	38
Market Volume Trends	40
Value, Volume and Average Cost	41
• Market for routine servicing	42
• Market for mechanical car repairs	42
Spend per Car	43
Service and Repair Frequency	44
Business/Fleet SMR Value and Volume	45
• Business/fleet routine servicing	45
• Business/fleet mechanical repairs	46
• Business/fleet total value and volume	47
Labour and Parts Expenditure	49
Road Vehicle Testing Scheme (MOT)	50
Total Market Value Including MOT Testing	50

Section 6 – The Servicing and Repair Supply Structure 53

Number of Sites	53
Independent Garage Workshops	54
• Branded independent workshops	55
Franchised Dealers	56
• Dealer groups	56
• Authorised repairers	58
• Manufacturer fast-fit programmes	59
• Number of franchised workshops	59
Market Shares by Provider	60

Section 7 – Servicing Retention	61
Introduction	61
Summary Tables	63
Overall Weighted and Un-weighted Performance	66
Total Sample Trends	67
Change in Total Sample Parc Average Ages	68
New Research on ‘Not Yet Serviced’	70
Where Last Serviced	71
Servicing Retention Trends by Marque	72
• Citroën	72
• Fiat Group	74
• Ford	76
• Honda	78
• Nissan	80
• Peugeot	82
• Renault	84
• Rover	86
• Toyota	88
• Vauxhall	90
• Volkswagen	92
• Volvo	94
• Other German	96
• Other Japanese	98
‘Not Yet Serviced’ Trends by Marque	100
Section 8 – Retention of Servicing, Maintenance and Repairs	109
Introduction	109
Repair Data from Synovate	110
Having Work Done in the Last Month	110
• Sample sizes	111
Work Done by Vehicle Make	112
• Age and mileage	113
Where Work Done by Make of Car	115
Where Work Done by Age of Car	116
Work Done by Age of Car	117

Section 8 – Retention of Servicing, Maintenance and Repairs – cont . . .

What Work Done and Where	119
• Type of work done by provider	120
• Market shares of volume by provider	123
Type of Work and SMR Retention by Make	123
• Citroën	124
• Fiat Group	126
• Ford	128
• Honda	130
• Nissan	132
• Peugeot	134
• Renault	136
• Rover	138
• Toyota	140
• Vauxhall	142
• Volkswagen	144
• Volvo	146
• Other German	148
• Other Japanese	150

Section 9 – Strategic Outlook and Forecasts 153

The UK Economy	153
• The effect of macro economic factors	153
• Demographics and car ownership	154
The Possibility of a ‘Black Hole’	155
Factors Influencing the Future of the Market	156
• Some basic assumptions	156
Service and Repair Market Forecast	156
Franchised Dealer Networks	157
• Service market retention	157
• Service retention strategies	158
• Manufacturer service contracts	159
Independent Garages	159

Section 9 – Strategic Outlook and Forecasts – cont . . .

Fast-Fit Chains	160
Non-franchised Garage Chains and Autocentres	160
Mobile Services	161
Supply Structure Forecast	161
Market Shares by Providers Forecast	162
